

# MAYA ROMANOFF STUDIO

**DESIGN NAME:** CRYSTAL BALL

**TYPE:** II

**WIDTH:** 52/54”

132/137 CM

**TOTAL WEIGHT:** 20 OZ. PER L/Y

13.3 OZ. PER SQ. YD.

**BACKING:** OSNABURG

**INSTALLATION:** RANDOM MATCH

**FIRE RATINGS:** CLASS “A” CE DECLARATION OF CONFORMITY

**PACKAGING:** 30 YARD BOLTS

## **TEST CRITERIA**

This product meets GSA Federal Specification CCC-W-408 A-B-C & D for Type II materials using test procedures detailed in Federal Specification CCC-T-191-A. This product is also approved for use in the City of New York MEA 48690 Department of Buildings.

## **ENVIRONMENTALLY FRIENDLY**

We are dedicated to complying with today’s environmental issues and have produced all patterns using environmentally safe, non toxic print materials and adhesives. All heavy metal products such as mercury, cadmium, and chromium and any other ozone depleting chemicals have been removed from our manufacturing process. In addition, all substrates used are low VOC emitting.

## **ANTI MICROBIAL FEATURES**

MAYA ROMANOFF STUDIO wallcoverings contain anti microbial additives to aid in resisting the growth of mildew and bacteria including staphylococcus aureus, streptovercillum and mixed fungal spore such as aspergillum niger, chaetomium globosum and penicillium funiculosum.

## **NOTE**

All wall surfacing materials, including wallcovering, should be selected taking into account the building in which they are to be installed. Buildings that have had liquid or vapor moisture infiltration problems or that have other conditions that make moisture infiltration likely are at risk for mold growth. Should these circumstances exist consult with a professional concerning the benefits and limitations of vinyl wallcoverings.

## **PATTERN APPEARANCE AND COLOR**

All MAYAROMNAOFF STUDIO patterns are designed to simulate natural materials. Subtle variations in color, texture and shading should be anticipated as these variations are part of the manufacturing process and add to the richness, beauty and natural appearance of the product.
